

00:01 So...

00:04 Finish what you're writing, it's okay that you're not done.

00:12 Ready, Dulce?

00:13 Ok. First of all, congratulations on working so hard, and figuring so much out. I think you should celebrate somehow.

00:21 That's your cue!

00:23 (applause)

00:25 Come on, you guys!

00:26 Y ustedes?

00:28 Thank you, Maira.

00:32 Ok.

00:43 Listen, listen.

00:48 Hold on. Hold on.

00:50 Here's what I need you to do. You and your team need to take, to split up these four problems at the bottom, ok? And I need you, everyone should have one.

01:01 And I need you to show off what you learned in this part of the activity, by using one of these as an example. Ok?

01:12 So, escogan una de las 4 para hacer, y mañana quiero ver lo que han aprendido en los otros problemas abase de esto.

So, pick one of the four to do, and tomorrow I want to see what you've learned from these problems based on this.

01:20 Ok? So escogan una, por favor.

Ok, so pick one, please.
