## Level B

You want to go with your sister to the museum to see the dinosaur exhibit. The museum has three different plans to pay for going to see the dinosaurs.

Museum Rate Plans
Plan A: Pay \$3.00 per person to visit the museum.
Plan B: Monthly membership is \$8.00 for each person, but you can go as many times as you like during the month.
Plan C: A family membership for a month is \$17.00.
Everyone in your family can go as often as they like for a month.

You and your sister want to go see the dinosaur exhibit three times this month. Which plan should you buy to save money?
